

REPORT TO C1N1 HOA BOARD RESPONSIBLE PET OWNERSHIP COMMITTEE

**Committee Members: Win Hallett, Beth Morgan,
Phil Ogden, Robin Rathman, and Dave Tuggle**

Board Meeting Date: April 24, 2007

Pet Survey Project

The pet survey and responsible pet ownership information flyers were delivered to 520 Civano residences by committee members during the week beginning January 21, 2007, despite snow and cold weather conditions. Simmons Buntin put the survey on line at the Civano Neighbor's web site. Lexi Hamblin provided copies of the survey and flyers and a box in her office for hard copy responses.

Committee members appreciate the effort of those Civano residents who responded to the survey. We had about a 25% response with two thirds of these on line and one third delivered to Lexi's office. A final draft report has not been completed for presentation to Board members at this meeting, but a final report with committee recommendations to the Board, will be provided prior to the May Board meeting.

New Supply of Doggie Bags Needed

We have about a months supply of bags remaining from the 12,000 supply we received for this past year (Dave Stephenson ordered 10,000 and we received 2,000 extra with the order of the new dispensers). We request Board approval for HOA funding to order 12,000 bags.

The bags are available for order on line on the www.jjbsolutions.com web site. The item number is listed as JJB009, 20 rolls of 200 bags (4,000 bags) for \$111. The web site contains a note: "For larger quantities or bulk prices call 1-800-813-4869." I believe Dave Stephenson called this number last year, got a quote for a larger quantity and completed the order request on the phone.

Progress Report

When the Easter Egg Hunt team surveyed the Sports Park for dog pooh prior to distributing the eggs, there was no dog pooh on the park. Thanks to all Civano residents who have helped to make this possible.
